

NOTICE OF INTENT

Department of Health Board of Pharmacy

Marijuana Pharmacy (LAC 46:LIII.Chapter 24)

In accordance with the provisions of the Administrative Procedure Act (R.S. 49:950 et seq.) and the Pharmacy Practice Act (R.S. 37:1161 et seq.), the Board of Pharmacy hereby gives notice of its intent to amend Chapter 24, Subchapter E of its rules relative to marijuana pharmacies in response to Acts 444 and 491 of the 2022 regular session and in an effort to reduce the number of regulations. The proposal repeals §§2440, 2449, 2453, 2459 as well as the definitions of advertisement, approved safe, approved vault, LDAF, and physician. The proposed Rule changes replace references to the Department of Agriculture and Forestry (LDAF) with the Department of Health (LDH) and references to physicians with authorized clinicians. The proposed Rule changes shift the responsibility of product requirements from the producers which supply the product to the pharmacies which receive and dispense the product.

The proposed Rule changes remove requirements for producer testing, packaging, labeling, and distribution; duplication listing bulk raw product in allowed dosage form list; the restriction to ten active marijuana permits at a time, including the description of the 9 LDH regions; the requirement to include a blueprint of the proposed marijuana pharmacy and documentation of the applicant's financial capacity to operate a marijuana pharmacy with the initial application for a permit; the description of the manner in which the board may verify information contained in each application; the issuance of duplicate permits; the requirement to develop a written alcohol-free, drug-free, and smoke-free workplace policy; the requirement for product to be immediately placed in a safe or vault upon delivery; the inclusion of "federal" in the list of officials that may enter any area of the marijuana pharmacy; the requirement to

notify LBP of certain security related events; and the reference to security requirements identified elsewhere in the Subchapter.

The proposed Rule changes add the definition of authorized clinician; a requirement for the pharmacy to have access to laboratory tests from the producer; a requirement for each marijuana pharmacy to offer home delivery to patients in each zip code within its region at least once per month; and an allowance for, and requirements related to dispensing marijuana products to visiting qualifying patients.

The proposed Rule changes amend the reference to rules and statutes which authorize fees to be collected by the board.

§2457. Standards of Practice

A. Environmental Standards

1. The prescription department shall be of sufficient size commensurate with the nature and scope of practice. The space occupied by the prescription department shall be restricted to authorized personnel only, as determined by the pharmacist-in-charge, and shall not be accessible to the general public. A marijuana pharmacy shall not permit any person less than eighteen years of age to enter the prescription department, with the exception of patients being counseled by the pharmacist.

2. - 4. ...

5. The prescription department shall be secured by one or more physical barriers with suitable locks and a monitored alarm system capable of detecting unauthorized entry.

A.6. - B.4. ...

5. No person shall be employed by, or affiliated with, a marijuana pharmacy prior to their eighteenth birthday.

C. - C.2.a. ...

D. Recordkeeping Requirements

1. When the pharmacy receives a request for marijuana from a recommending authorized clinician in written form, the pharmacist shall cause the form to be scanned and filed using an electronic imaging system in compliance with §1123 of this Part.

2. - 5. ...

E. Professional Practice Standards

1. Recommendation / opinion (hereinafter, "request") for Therapeutic Marijuana

a. The pharmacist may accept any request for a marijuana product which has been:

i. issued by an authorized clinician in possession of a current and unrestricted license to practice in this state as well as a current and unrestricted state controlled substance license with therapeutic marijuana privileges from the board; and

ii. received directly from the authorized clinician and not from the patient or any third party other than the entity transmitting the request, either by electronic means conforming with the provisions of 21 CFR 1311 or its successor, or in the alternative, by facsimile bearing a handwritten or digital signature of the authorized clinician.

b. The request shall disclose the following information at a minimum:

i. name, address, telephone number, and national provider identifier (NPI) number of the authorized clinician issuing the request;

ii. - v. ...

vi. self-certification the authorized clinician holds a current and unrestricted license to practice in this state; and
vii. signature of the authorized clinician issuing the recommendation, excluding any proxy or agent.

c. Requests for marijuana products shall expire one year after the date of issue, unless a shorter period of time is indicated by the authorized clinician. A pharmacist shall not dispense marijuana product pursuant to an expired request.

d. - e. ...

2. ...

3. Dispensing Marijuana Products

a. Prior to dispensing any marijuana product to a patient, the pharmacist shall review the patient's records in the state prescription monitoring program. The pharmacist shall resolve any concerns identified in that review by consultation with the recommending authorized clinician.

b. - b.i. ...

ii. Subject to the above limitation on dispensing raw or crude marijuana products, a pharmacist may dispense marijuana products on multiple occasions as indicated by the authorized clinician and needed by the patient until the request expires; however, the pharmacist shall not dispense more than a 90-day supply of marijuana product at one time nor more than a one-year supply pursuant to a single request.

c. Dispensing Marijuana Products to Visiting Qualifying Patients.

i. A visiting qualifying patient may obtain medical marijuana from a marijuana pharmacy, subject to the dispensing limitations of Subparagraph 3.b of this Subsection, upon producing evidence of his valid medical marijuana registry identification card, or its equivalent, which has been issued under the medical marijuana laws of another state, district, territory, commonwealth, or insular possession of the United States and in compliance with R.S. 40:1046.1.

ii. A pharmacist may dispense medical marijuana to a visiting qualifying patient, subject to the dispensing limitations of Subparagraph 3.b of this Subsection, upon obtaining evidence of his valid medical marijuana registry identification card, or its equivalent, which has been issued under the medical marijuana laws of another state, district, territory, commonwealth, or insular possession of the United States and in compliance with R.S. 40:1046.1.

4. Labeling of Marijuana Product Dispensed

a. The pharmacist shall not dispense any marijuana product that does not bear the producer label required by LDH, and further, the pharmacy dispensing label shall not overlay or obscure the producer label in any way.

b. The pharmacy's dispensing label shall contain, at a minimum, the following data elements:

i. - ii. ...

iii. name of the recommending authorized clinician;

4.iv. - 7.e.iv. ...

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: Marijuana Pharmacy

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule changes will require the Louisiana Board of Pharmacy (LBP) to publish the proposed and final rules in the state register, resulting in printing expenses of \$2,000 in FY 2023 and \$2,000 in FY 2024.

There may be additional costs associated with inspections of additional pharmacies due to the elimination of the ten permit limit. The maximum number of marijuana pharmacies including satellite locations authorized by RS 40:1046 is thirty, though the actual number of marijuana pharmacies that will be in operation at any given time is indeterminable. Compliance inspections cost approximately \$300 and are conducted approximately every 18 months. The annual cost of inspections will depend upon the number of marijuana pharmacies in operation and is indeterminable. These costs will be funded through self-generated revenues from application fees.

The proposed rule changes in Chapter 24, Subchapter E are in response to Acts 444 and 491 of the 2022 regular session and an effort by LBP to reduce the number of regulations on marijuana pharmacies. The proposal repeals §§ 2440, 2449, 2453, 2459 as well as the definitions of advertisement, approved safe, approved vault, LDAF, and physician.

The proposed rule changes replace references to the Department of Agriculture and Forestry (LDAF) with Department of Health (LDH) and references to physicians with authorized clinicians licensed to practice in this state. The proposed rule changes shift the responsibility of product requirements from the producers which supply the product to the pharmacies which receive and dispense the product.

The proposed rule changes remove requirements for producer testing, packaging, labeling, and distribution; duplication listing bulk raw product in allowed dosage form list; the restriction to ten active marijuana pharmacy permits at a time, including the description of the 9 LDH regions; the requirement to include a blueprint of the proposed marijuana pharmacy and documentation of the applicant's financial capacity to operate a marijuana pharmacy with the initial application for a permit; the description of the manner in which the Board may verify information contained in each application; the issuance of duplicate permits; the requirement to develop a written alcohol-free, drug-free, and smoke-free workplace policy; the requirement for product to be immediately placed in a safe or vault upon delivery; the inclusion of "federal" in the list of officials that may enter any area of the marijuana pharmacy; the requirement to notify LBP of certain security related events; and the reference to security requirements identified elsewhere in the Subchapter.

The proposed rule changes add the definition of authorized clinician; a requirement for the pharmacy to have access to laboratory tests from the producer; a requirement for each marijuana pharmacy to offer home delivery to patients in each zip code within its region at least once per month; and an allowance for, and requirements related to dispensing marijuana products to visiting qualifying patients.

The proposed rule changes amend the reference to rules and statutes which authorize fees to be collected by LBP.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

LBP may realize additional revenues through pharmacy permit application fees associated with the elimination of the ten permit limit. The maximum number of marijuana pharmacies authorized by RS 40:1046 is thirty, though the actual number of marijuana pharmacies that will be in operation at any given time is indeterminable. The application fees total \$550 (\$500 for the application plus the annual \$25 Controlled Dangerous Substance license fee and the annual \$25 Prescription Monitoring Program fee), and annual fees total \$250. The annual revenues realized will depend upon the number of marijuana pharmacies in operation and is indeterminable.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule change in Section 2451, which was a result of Act 491 (2022RS), will benefit consumers by requiring home delivery to patients in each zip code at least once per month, resulting in increased access to care. There will be a cost to marijuana pharmacies to provide delivery services, the amount of which is indeterminable.

The proposed rule changes benefit marijuana pharmacies by reducing the number of regulations to align with ordinary community pharmacy permit requirements more closely. The reduction in regulations, specifically security requirements, should provide an economic benefit for marijuana pharmacies, particularly for new permits.

The proposed rule changes also address recent legislative changes, including changing the licensing of contractors who cultivate, extract, process, produce, and transport therapeutic marijuana to LDH.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed changes eliminate the rule which limits the number of marijuana pharmacy permits to ten. Under current law, the maximum number of allowed marijuana pharmacies in the state is thirty. The opening of additional marijuana pharmacies will increase employment and competition.
